## What is the CSTC Junior Club?

CSTC members ages 12-14, with parent's permission, can sign-up to participate in a 45-minute orientation for an opportunity to earn their CSTC Junior Club Card, which will allow them to visit the club independently from their parents. We want to equip these swimmers with all the skills and knowledge necessary to ensure their safety and enjoyment. This experience offers an opportunity for the swimmers to get to know our staff through interactive, discussion-based activities about CSTC's safety procedures to ensure they understand the rules and the reasoning behind them. This will also include our new procedures for COVID-19 safety.

By showing this card upon check-in, swimmers are given access to the club without a guardian during the hours of operation. ***Members still must be 15 or older to be considered a babysitter or to bring guests, who must also be age 15 or older.***

## How do I earn a "Club Card"?

Swimmers can register for one of the upcoming Junior Club Orientations by turning in the registration form to the CSTC Office (parents are strongly recommended to join them). The registration form requires the parent to sign permission for the swimmer to attend orientation and explains the responsibilities of the parent once a Club Card is earned. At the orientation, swimmers will need complete the following:

- Swim the length of the pool unassisted
- Tread water for 2 minutes
- Complete a multiple choice rules "exam" (a list of the rules are included in the registration packet)

Swimmers who turn 12 after the orientation date, *may* participate in an orientation. However, their Junior Club Card will not be issued until their 12th birthday.

## Can my Junior CSTC Club Card be taken away?

Yes. Just like a driver's licence, if the rules of the club are repeatedly not followed (after two verbal warnings from any staff), the managers have the ability to take the swimmer's club card at their discretion. After 2-weeks, the swimmer may reapply for their Club Card by retaking the rules exam. Repeated offenses after that may result in the swimmer losing their Club Card for a month or ultimately the rest of the season. Should the swimmer's privileges be revoked, parents will be notified, at which time they will need to provide supervision of the swimmer within a half-hour. Swimmers in good standing at the end of the season who will not yet be 15 the following year will be issued a new CSTC Club Card at the beginning of the next season.
